

ZINE MAKING WORKSHOP

Part of the **Unknown Pleasures** festival

If you're a fan of music, Joy Division, art or design come and find out how to create and publish your own **handmade magazine**.

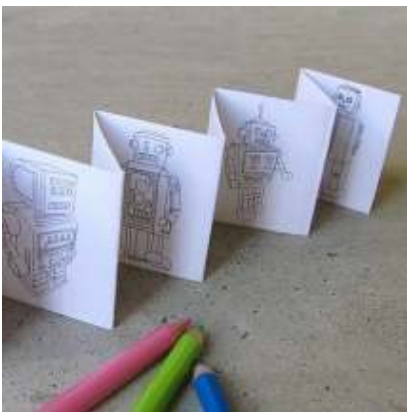

Black and white zine making using basic techniques was a big feature of music in the late 1970s / early 1980s and is big news in art and design worlds right now.

Using ideas based on Joy Division as a starting point, we'll help you do everything to create, illustrate and fold your own handmade magazine.

Ideal for bands who want to promote their work; art or design students, and arts and craft dabblers.

We'll provide everything you need, but feel free to bring any extra images, doodles, quotes or lyrics and special papers along that you'd like to use.

The theme of your zine will be up to you...
